"imPOSSIBLE? The magic of wishes"

Be a contributor to the temporary exhibition and introduce us to your lucky charm!

"In old times, when wishing still helped one, there lived a king...", it says in the fairy tale "The Frog King". **Our next temporary exhibition shows: Wishing still helps today!** In fairy tales, good fortune beckons if you make the right wish at the right time. But wishes are not just to do with fairies. They are a deeply human and existential phenomenon. They give us strength and motivation and are a motor for change.

The team of the GRIMMWELT Kassel is on the lookout for good-luck charms, talismans and mascots, together with your stories that go with them. Fill up the form about your lucky charm and send it by 15 July 2022 to ausstellung@grimmwelt.de! You can also hand in a printed copy at the GRIMMWELT reception desk. The GRIMMWELT team will look at all the contributions and make a selection. If you have been chosen, they will contact you in August to arrange for the presentation of your lucky charm in the exhibition from November 2022 to May 2023.
